TWO BRIDGES OPEN WATER RACE - WINTER 2020

ODRA SWIMMING POOL IN GŁOGÓW - HISTORY

Floating pool in 1933

Glogow has a long history of using Odra River as a recreational and active place. It has been notably being a tourist attraction since XIX century. The area consisted of a boat harbor, rowing club hostel, restaurant as well as a swimming area.

In later years town swimming pool was opened.

Restaurant by Odra River

The pool was destroyed by the river and it got stuck by the bridge.

REFEREE SECTION

Main rules of ice swimming

RACEBOOK presents some selected rules of competition and safety. The competition is held in accordance with the International Ice Swimming Association (IISA) rules and regulations. All rules can be found at <https://internationaliceswimming.com/iisa-rules/>

The competitor must know and follow the rules.

Ice swimming is an extreme sport and each athlete must be aware of the risks associated with it. A competitor must obtain a sport and medical qualification in accordance with the IISA in order to be allowed to compete. Swimmers' qualifications are verified before the start in the Race Office.

The competition is held in fresh water at a temperature not exceeding 5 degrees Celsius (41 degrees Fahrenheit).

Sport competitions are held in the 25-meter swimming pool on 10 lanes numbered 1 to 10 (500m and 1000m events on lanes 2 to 9). Semi-automatic time measurement.

The language of the competition is Polish. The language of IISA remains English. In case of communication difficulties, interpreters will be available at the Race Office.

Event program may change. Please follow the changes on the website and follow the organizer's announcements.

Before the start, the swimmer is obliged to register and collect the starter package, including the ID Pass, at the Race Office. The competitor (and the Second) is required to wear an ID Pass in the competition area at all times.

The briefing for participants is not compulsory but recommended and will be held on 30.01.2022 on website IISA and social media.

Swimmers should be ready to start at least 15 minutes before the scheduled start. Before the start, you should report to the Call Room.

The safety belt is compulsory. The swimmer must have a Second in the 500m and 1000m events.

IISA compliant competition swimsuit:

The swimmer (male) wear one standard swimsuit that must not extend below the knee and above the navel. A female costume that must not extend below the knee and must not cover her neck or shoulders. The suit material must be FINA approved.

One swimming cap and goggles are allowed. The bubble cap is forbidden.

The use of towing float is prohibited.

It is forbidden to swim with any accessories that do not contribute to the improvement of the competitor's safety (e.g., but not limited to watches, jewelry). Swimming with patches are forbidden.

The IISA-compliant start procedure, preceded by short whistles, will be in English:

1. TAKE OFF YOUR CLOTHES!
2. GET IN THE WATER!
3. Audible and visual signal

In case of false-start, the procedure will be repeated from the command: GET IN THE WATER!

All starts take place from the water. The swimmer is holding the ladder with one hand. It is allowed to hold the edge of the pool.

Swim Start Point and Swim End Point is the pool edge - not the ladder.

Details for each style of swimming can be found in the IISA SWIMMING RULES & REGULATIONS and especially in AMENDMENTS.

After the start and each turn, the head must not be submerged more than 5 meters from the wall.

In breaststroke and butterfly, touch the wall with both hands at the turn and finish.

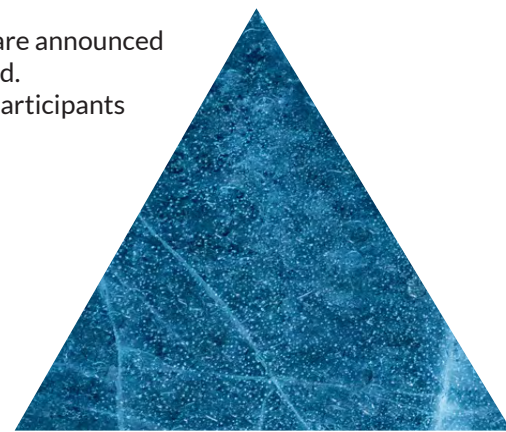

Tumble turns are not allowed.

The organizer provided line counters informing the swimmer how many lengths of the pools are completed (1km and 500m).

Each country may have one Country Relay, consisting of at least one woman and at least one man. Remember that the IISA Official, Referee or Medical/Safety Officer may stop your race at any time if they consider it to be a safety hazard. You have to submit to this decision.

Appeals may be submitted in writing at the Race Office 60 minutes after the results are announced and after the deposit of 40 EUR. If the appeal is accepted, the deposit will be refunded.

You may be asked to undergo a WADA or POLADA doping test. Randomly selected participants will be tested for alcohol in their breath.
